Resubmission of Declaration for Patent Application

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

It appears from our records that the Declaration filed in the above-captioned patent application was submitted with an incorrect second page, and that the second page submitted with the Declaration was actually a copy of the second page of the original executed Assignment to ASML Holding N.V. Accordingly, in order to ensure that the Declaration on file with the U.S. Patent and Trademark Office in the present application is complete and correct, a copy of the original, complete Declaration for Patent Application as filed in parent Application No. 09/757,622, filed January 11, 2001 (now U.S. Utility Patent No. 6,766,339 B2, issued July 20, 2004), is submitted herewith.

The undersigned wishes to note that the error in the copy of the Declaration originally filed in the present application was only recently discovered during a review of our file for the above-noted matter along with other related files in preparation for filing the issue fee in the present application. This review revealed that a copy of the Declaration with the correct second page was originally filed in parent Application No. 09/757,622, filed January 11, 2001 (now U.S. Utility Patent No. 6,766,339 B2, issued July 20, 2004) but that copies of the

Declaration with the incorrect page were inadvertently filed in two divisional applications, including the present allowed application and related Application No. 10/806,325, filed March 23, 2004.

In accordance with instructions received during a telephone call from Examiner David Malzahn to our office, this filing is being submitted via facsimile to the U.S. Patent and Trademark Office's Central Fax Number. A copy of the complete and correct Declaration for Patent Application as filed in parent Application No. 09/757,622, filed January 11, 2001 (now U.S. Utility Patent No. 6,766,339 B2, issued July 20, 2004) is concurrently filed for related Application No. 10/806,325, filed March 23, 2004, under separate cover.

Acknowledgement of the receipt and entry of the accompanying copy of the original Declaration for Patent Application into the present application is respectfully requested.

If the individual reviewing this document believes, for any reason, that personal communication with the undersigned might expedite the processing of the accompanying documents, then he or she is invited to telephone the undersigned at the number provided below.
